HIGH PRICES FOR TROTTERS

DEMAND FOR ALL KINDS OF LIGHT HARNESS HORSE STOCK,

New Yorker Gives \$30,000 for Todd -Direct Hall Sells for Good Figure -Nancy Hanks and Fantasy Among Old Favorites-Biffora and Highball Fast.

cut his Thanksgiving turkey W. C. Bradley bought Todd for \$30,000. He is the wealthy contractor who owns Major Delmar, 1:39%, and George G., 2:05%, and who paid \$8,100 for Guy Axworthy on Wednesday. Todd and the mares Bradley is selecting are to be kept on his new stock farm near Somerville, There was a keen interest-in the price l'odd would bring as a test of the market on light harness stock, and the amount realized satisfied the consignor, J. M. Johnson, Ponka-pog, Mass., president of the New England Breeders Association. His consignment, which included Nancy Hanks, 2:04, and many yearlings, brought \$58,105 for twenty-four head, an average of \$2,421.

"Todd is a cheap horse as a business proposition," said Ed Tipton. "His stud fees will ring back the purchase money in two years and the horse will then be but ten years old: neantime Todd will be insured for his value and the buyer is taking no risks."

Todd is a brown stallion by Bingen, 2:0614. dam Fanella, 2:13, by Arion, 2:07%, and was bred in 1890 by the late J. Malcolm Forbes Boston. Buyers and lookers crowded into the track before the auctioneer's stand and on the rails, while 1,000 casuals filled the seats when Todd was led out to halter. There vas no speeding of the stallion, for an accident would cost too much, and Todd came as trough. James R. Magowan of Kentucky, a nephew of Col. Robert Stoner of Paris, Ky., who made Baron Wilkes famous and who represented a group of breeders in the Blue Grass State, started the bidding at \$10,000.

"Fifteen thousand dollars," raised Abe Gar-son, who as usual bid for Bradley, who stood Al Thomas, the Nebraskan, and John Dono-

son, who as usual bid for Bradley, who stood near by.

Al Thomas, the Nebraskan, and John Donovan, who owns Carpet, dam of the season's great colt General Watts, 2:06%, and many more at his farm near St. Joseph, Mo., chipped along with Magowan until the price was 258,060. The latter bid 329,000, and then Garson's raise to \$30,000 gained Todd for Bradley. George Leavitt, as agent for a New England syndicate including John Moore, Frank and Harry Todd and Tom Phair, was prepared to give \$29,000, but lie never opened his mouth.

They were trotting too fast for me, "said Leavitt. But I can look anybody in the face too-night, by gum, and say I'm not ashamed to be a horseman, panic or no panic.

Todd was a phenomenal colt trotter, although his record of 2:14%, was made at 5 years, but his chief fame is as a sire of early speed. The best known is Kentucky Todd, 2 years, 2:14%, Kentucky Futurity winner, who this year at Columbus equalled the world three-year-old record of 2:08%, although at Lexington right afterward General Watts cut it to 2:06%. Present and past memories jogged each other with the offering of Fantasy just before Todd, consigned by takland Farm, New York, the seventeen-year-old mare going to a Baltimore buyer for \$700. As a three-year-old in 1895 Fantasy established the record only broken this year, and the Hamilas world not have sold her at any price.

Third sold in the Johnson bunch was the idol of other days, Nancy Hanks, with whom Budd Doble, of "ratarrhal name," electrified he world by trotting in 2:04 at Terre Haute in 1892. This was the world's record until Alig cut it a quarter in 1895 and Nancy Hanks for \$1,500. The mare is now 21 and believed to be infoal to Todd. Her yearling flily by John A. McHerron sold to H. K. Deversaux of Cleveland for \$1,000, and a foal by Todd will square the Madden of Lexington, sons of tha tarfmah and with pockets flush from the sale of Shiko, 2:114, to Louis Winans of England, for \$30,000, bought Nancy Hanks for \$1,500. The mare is now 21 and believed to be infoal

Ithaea made his only bid of \$10,000 and secured the stillion. The Cobb brothers, Henry and William, own Mainsheet, 2:05, the great stallion of the season, and Hal Direct will join him at their Wellsville farm. McKinney, said to have cost Simpson \$50,000, and Axworthy, sold at the Gârden last year for \$21,000, are kept at Cuba, near Wellsville, and as \$25,000 has been refused for Mainsheet four of the best stallions of the day are now in Allegany county. The remainder of the Wellsville company and the Oakhand Farm lot, which included many bred by the Hamlins, sold well.

Biflora, 2:00%, consigned by A. S. Devsher, Reading, Pa., and one of next year's 2:10 class, brought, \$2,100. Besides the firm demand for breeding stock the buying showed a strong liking for horses fit to race and for colts fit for speed development. Foreign huyers were bidders and as usual trying to cover their tracks, it was said, because in some cases they do not want the foreigners to learn what the mags cost. Among the odd offerings was the 12.2 hand pacing pony fom Thumb, that has shown a half in 1:05. He sold for \$420 to H. H. Hunn fifteen years ago, a rider at pony races. Eight horses ready to race with a speed average of 2:00% were among those consigned by Frank G. Jones of Memphis. They included Highball, champion green trotting gelding of the season, who took a mark of 2:06% and beat Sonoma Girl at Libertyville.

There were over 3,000 onlookers at the night sale. The bay stallion Capt. Bacon, 2:02% consigned by J. W. Day of Rochester, was bought by E. Endicott. Brooklyn, for 3,400, and with his other purchases was intended for the Russians. C. A. Boutell, who paid \$2,600 for Biflora, 2:00%, also bought for the Russians. C. A. Boutell, who paid \$2,600 for Biflora, 2:00%, also bought for Russia. Silver Heels, the yearling pacer that was timed a quarter in 30% seconds at Lexington, brought \$1,500. C. W. Baker of Aberdeen, Md. paid \$3,600 for Gen. Brayton Ives's mare Extasy. 2:11%.

There was sharp bidding for Highball, Miss Lotta Crabtre

STAR STEPPERS ON SPEEDWAY. Princess Helen Successful in Every Brush

-Other Good Contests. and weather, everything pointed to a great day at the Speedway yesterday and the crowd was not disappointed. The drive was in tiptop shape, and long before the racing began the walk which skirts the drive on either side was crowded with sightseers. The programme was high class from start to finish and brought together such stars as James Murphy's Don Derby, 2:94½; James McClenahan's Princess Helen, 2:96½; Free Advice, 2:10½; Susie G., 2:14½, with J. H. Campbell at the reins; Soistone, with Thomas G. Hinds up; Ready Boy, driven by William J. Clark; Ackley C. Schuyler's Mona Wilkes, R. W. Bassett's Madam Direct's William Scott's Ragiand and Walter Kilpatrick's Gertie H. James McClenahan's Grand Circuit pacer Princess Helen won every brush is which she was started yesterday. The first to meet defeat at the hands of Mr. McClenahan was Thomas Hinds with Soistone. Princess Helen has a record of 2:96½, but this did not intimidate the plucky little gelding, and he put up a good fight from start to finish. He was a little shy of speed, however, and the race went to the Princess. The mare found a foeman worthy of her steel when she tackled Free Advice, and although she won out by a safe margin she found it advisable not to losf any on the last quarter.

Ackley C. Schuyler, with Mona Wilkes, scored some of the best wins of the day and, when the morning's sport was over had not a single defeat marked up against him. The first to meet defeat at the hands of Mr. Schuyler was F. R. Bain with Zealous. Zealous was not in his usual fine form and it was an easy matter for Mona to finish first in this brush. The pext to tackle Mr. Schuyler and his brown whirlwind was Leo Oetlinger with Lady Wortley.

Mr. Oettinger's mare has been considered almost invincible in her class, but she was clearly no match for Mona Wilkes yesterday. gramme was high class from start to finish and brought together such stars as James

Mr. Vettinger's mare has been considered almost invincible in her class, but she was clearly no match for Mona Wilkes yesterday Lady Worthy was the quickest to get away am led up to the first quarter, but Mr. Schuyle had not yet brought his mare to a drive and when he called on her she had speed in reserve.

had not yet brought his mare to a drive and when he called on her she had speed in reserve.

The two mares passed the finishing post with Mona Wilkes leading by half a length. In the next brush Little Tommy Tompkins was sent to tackle Mona Wilkes, but the mare showed her heels to her opponent from the first turn of the wheels and when the finish was reached led by several lengths.

J. W. Minor's Hiram Abiff and William Scott's bay gelding Ragland had a series of brushes which proved a feature of the morning sport. Hiram Abiff had clearly not reached his stride in the first-emounter and Mr. Scott scored an easy win with Ragland, but in the next two tilts Hiram won. Lady Worthy put several winning brushes to her credit. Among the fast ones to finish in second position were F. R. Bain's Zealous and E. W. Knapp's Midget.

Joseph Gibbons with Bessie C. twice took the measure of Zealous without apparently coming to a drive. He also finished in front of R. C. Reynolds's Fanny I. Before the sport closed Zealous redeemed himself by winning a good brush with E. W. Knapp's Midget for an opponent.

C. A. Sotildo's lia and Peter Simmons, driven by J. Samuels, had a series of brushes which resulted in an even break. Hugh Reilly entered his buy three-year-old Lucy in only one brush, but this was a winning performance. She met and carried to a break Dan T. with the veteran trainer Peter Mance at the reins. Mr. Heinzer drove Dan T. to victory over R. C. Reynolds's Fanny I.

TOURNAMENT AT LAKEWOOD AT-TRACTS MANY PLAYERS.

cap at Fox Hills-Cornerstone Laid for New Apawamis Club House-Jenney Leads Field at Englewood Course.

Only a margin of five strokes separated the first and last men in the qualifying round for the chief cup of the open golf on the links of the Country Club of Lakewood yesterday. E. L. de Forest of the home club won the low score prize with 83, closely followed by F. C. Jen-

nings of Nassau with 84. No less than six contestants made the round in 85, while those with scores of 88 had to play off for the last four places. These included W. E. Shackelford, the recent Atlantic City, winner, and A. J. McClure of Albany, both of whom were forced into the second set. The successful ones in this playoff were Arden M. Robbins, Garden City; A. W. Black, Lake-wood; J. F. Byers, Allegheny; A. F. Sutherland

and Fred Snare of Englewood. Charles L, Tappin, the Westbrook veteran who won the low score prize at Atlantic City with an 88, failed to qualify yesterday with

and the clubbonse and links presented an animated scene throughout the day. There were hundreds of visitors who came in automobiles and carriages.

Match play in four cup divisions will begin this morning. As a number refrained from handing in cards the fourth division did not fill, but this will be finished out just the same with the aid of byes. The scores were as follows:

Bert Allen was the winner of the Scott prize with 84 at the Fox Hills Golf Club yesterday and he had a walkover, but there were large fields in the handicaps. Three tied at 155 net—Mamlok, Hamilton and Robertson-for the Thanksgiving Day cup at thirty-six holes, and T. J. Shelly won the cup presented by E. P. Potter for non-winners of the season. The scores:

Thanksgiving Day Cup—R. R. Mamlok. 183. 28—155; W. A. Hamilton, 175, 20—155; E. Robertson, 180, 33—155; H. B. McClellan, 186, 30—166; J. H. McCollum, 193, 36—167; B. T. Allen, 171, 12—159; E. G. H. Cozzen-Hardy won the class A handicap, with 84, 14-70, and W. L. Rogers the Class B handicap, with 92, 22-70.

In the final for the golf-committee cup yeaterday at the Apawamis Club Henry Murphy beat H. A. Sherman, by 5 up and 4 to play. There was a jolly time over the laying of the cornerstone for the 340,000 clubdoues to replace that destroyed by fire last winter, although the stone will be taken out to-day until the building is more advanced. There were speeches by the governors, F. S. Wheeler, U. D. Eddy, T. T. Shermap, Simeon Ford, William Matthews, Norman Warner and John S. Woods.

S. Woods.

D. F. Hurd and W. M. Lansey fied in the handicap at Montclair yesterday with the same net and gross scores. They obvered the course in 98 and with their 18 bandicap returned net scores of 80. The Best gross score turned in was that of C. J. Taintor, a 94. There were upward of fifty players and the leading scores were:

D. F. Hurd, 98, 18-80; W. M. Lansey, 98, 18-80; W. J. Dykes, 114, 22-90; J. A. Philibrick, 97, 14-83; E. F. Miller, 95, 12-83; H. Watson, 103, 18-85; C. J. Taintor, 94, 8-86; R. P. . TRAP SHOOTING.

W. D. Ellas High Gun at Travers Island With Three Firsts.

W. D. Elias was high gun among the New York A. C. skooters at Travers Island yesterday, for he won three firsts. One of the wins, which was the most important, was a leg on the November cup, but this did not avail much for Elias, as it was the last sortie for the prize, and he had not scored for it before. The trophy goes to Fred Hodgeman, who won two legs, the other leg scorers being to T. Pethem and W. T. Hall.

George Bechtel was a good second to Elias as he won the Holiday cup after a tie with "Dr three cornered tie with G. T. Pelham and Gus Grieff. Pelham secured the special troph from scratch with the fine score of 24 actua and with an allowance of two targets. Billings earned the last event of the day with the perfect score of 25.

ASSOCIATION FOOTBALL.

Prescents Beat Yale by 3 Goals to 0 Interesting Game. Yale's association football players spen

the afternoon of Thanksgiving at Bay Ridge playing the eleven of the Crescent Athletic Club, the game ending in favor of the Brooklyn players/by the score of 3 goals to 0, all the points being made in the first half. Capt. Wick and his men from Yale made matters interesting for the home team in the first period, but a trick of overrunning the ball spoiled a number of chances afforded to the collegians. The latter had the wind in their favor, by which they failed to benefit

favor, by which they failed to benefit.

Two minutes after the restart the Crescents obtained their first tally, through a cross shot by Parsons at the left after receiving from Reid in the centre. The Crescents received three "corners" in quick succession, but nothing resulted therefrom. It took the home team twenty minutes in which to score a second time. This time Jackson got through from the left. Yale spurted, but the checking of the Crescent halfbacks and the strong kicking of the backs nallified their efforts. A long kick by Woodworth in repelling Yale's onslaught sent the ball far down the field and it was carried on by the forwards for the third tally, which was credited to Reid. O'Rourke played a forcing game throughout and was in the forefront of the play for the winning side.

At Marquette Oval yesterday the Brooklyn At Marquette Oval yesterday the Brooklyn football eleven defeated the team from the steamship New York by the score of 4 goals to 2. At the end of the first half honors were even, each side having scored twice. Halliday and Watts shot goals for Brooklyn, and Watters and Struddington tallied on behalf of the sailors. In the second half Hampson and Watts did the seconing for Brooklyn.

The champion Camerons of the New York Amsteur Lesgue journeyed to Newburgh yesterday and were defeated by the Association football club of that town to the tune of 8 goals to 0. The home players tallied three goals in each half. The Camerons were three men short and naturally had to pay the penalty.

three men short and naturally had to pay the penalty.

After being behind in the score in the first period of play the eleven of the Staten Island football club pulled out of the game with the Philadelphia and Reading Club played at Tabor, Pn., yesterday, and won by the score of 2 goals to 1. Sparks tied the score for the visitors from a penalty kick in the second period and later the same player "headed" through for the second goal.

At Astoria yesterday the Cameron Reserves of New York were pitted against the Astoria Independents, the latter winning by the score of 1 goal to 0, Howard making the goal.

H. F. Messimer of Sheepshead Bay won the twenty-five mile handicap bicycle race which was run over the Pelham Parkway yeswhich was run over the Pelham Parkway yesterday. He had 5 minutes 30 seconds handicap, and his time was 1 hour 33 minutes 32 5 seconds. F. McMillan, who had 4 minutes 30 seconds handicap, finjahed two-fifths of a second behind Messimer.

L. J. Crogan of Philadelphia, 3 minutes handicap, won the time prize. J. Eiler, who was the first scratch man to finish, won sixteenth place prize. Three other scratch men, W. Vanden Dries, J. M. Eifler and R. Stroud of Philadelphia, finished in the order named behind Eiler. L. Vanderstuyft of Belgium was forced to retire in the seventh lap when his chain broke, as he could not secure another mount. About 20,000 spectators witnessed the race.

New England Cross-Country Championship. The ten mile cross-country championship of New England was decided yesterday at Lynn, Mass., and first prize fell to Joseph J. Lee of Somerville, Mass. His time for the course was 57 minutes 44 seconds. Lee's victory was very close, for Robert W. Fowler of the Cambridgeport Gymnasium was within a yard of him as he crossed the line.

HAYES WINS THE MARATHON]

ST. BARTHOLOMEW MAN TWO MILES AHEAD OF LORZ.

orty-two Men Start in Twenty-five Mile Race of Mercury A. C.-Cunningham of New York A. C. Rendered Unconselous by Long Grind-Many Drop Out.

With a crowd of fully 50,000 persons lining the roadways around Yonkers westerday John J. Hayes of the St. Bartholomew A. C. won the first Marathon race of twenty-five miles promoted by the Mercury A. C. The oungster, for Hayes is little more than a beginner at distance running, came tearing cores the line more than two miles ahead of his nearest opponent, Fred Lorz of the Mohawk A. C. A quarter of a mile behind Lorz, in third place, came A. L. Gorey of the First Regiment, Chicago, and the hero of many a long spin in the West and the man who ran second in the Olympic games, Marathon, at

St. Louis in 1904. The effect of the long grind of twenty-five miles was triffing on Hayes and medical testimony was to the effect that he was in good condition. He lost three pounds of actual weight during the race, as he tipped the beam at 118 pounds before the start and 115 when he reached home. Two protests were made by Corey's trainer. The first was that the Chicago runner went a fille out of his way and when it was pointed out that this made ford, 5, 18.—Same conditions—Bechtel, 19; Dr. Shoot Off—Same conditions—Bechtel, 19; Dr. Smith, 18; Grieff, 17.
Waisrode Cup—25 targets: handicap—W. D. Blias, 1, 20; C. W. Billings, 1 prize was awarded to Hayes without question. It will be remembered that Hayes ran fourth in the last Marathon at Boston.

As to the result there was general disap-pointment among the crowd, for every man, woman, boy and girl in the Yonkers bailiwick wanted Saumy Mellor to win and they thought because their hopes went that way that Sammy should. He was easily the favorite and he carried the hopes with confidence for a long way, for at about fourteen miles word came back that he was in the lead. At eighteen miles he weakened and a little further on stopped. Some one gave him a little dope and reviving he came again and finished in

seventh place.

Another man who did well for a long time was Crowley of the Irish A. A. C., who had not a soul to look after him. For miles he pegged along begging for even a sup of water. to moisten his parched tongue, but finally he ran into an automobile party one of whom gave him a draught of something stronger than water and which laid him low at twenty one miles.
Cunningham of the New York A. C. was

another man that had no attendant, although the big club pays a staff of quasi-experts on thietics. He ran well for fifteen miles, after which he caved in and had to be brought back to Yonkers. He was unconscious for a long time and was removed to the hospital. Schlotime and was removed to the hospital. Schlo-bohm gave up at eight miles. After an ex-ceedingly blucky race for twenty-three miles Edward V. Cotter of Burlington. Canada, was forced to stop, his last ounce of stamina having been exhausted. John Lind-ouist of the Svea A. C. was another man to grow tired, and his weariness came on after eight miles had been left behind. J. O'Congrow tired, and his weariness came on after eight miles had been left behind. J. O'Connell of the Boys' Institute, New York, and J. P. Seyton of the St. Michael's Institute of New York gave up but walked back to the Hollywoad Inn, which was the start and flush line. There was a field of forty-two starters and they covered a course which gave the people of the neighborhood a chance to see a lot of the race. The start was at Getty Square and then along Broadway to Warburton avenue and north to Dobbos Ferry, after which a hitch was made east to Inland Ardsley. A turn to the north was again made to Woodlands, east to Central avenue and Hartsdale and south to Mosholu avenue. Then there was a turn to the west as far as South Broadway and this was followed to the Hollywood Inn.

Hayes led out of the town, but two miles away Crowley took up the racing and at three miles the time was 16 minutes 42 seconds. The time for five miles was 29 minutes 40 seconds, with Crowley showing the way, and close on his steps were Cunningham, Mellor.

seconds, with Crowley showing the way, and close on his steps were Cunningham, Mellor, McKoen, Cotter, Hayes and Lorz. At eleven miles Mellor sprinted and led by 200 yards, the order nearest to him being Crowley, Cotter, Hayes, Lorz and Cunningham, the time being I hour 7 minutes. They covered thirteen and a half miles in I hour 18 minutes, the leaders being Mellor, Crowley, Hayes and

the leaders being Mellor, Crowley, Hayes and Cotter.

Hayes did not take the lead until they had left nineteen and a half miles behind them, and at this point Mellor was done for, but Cotter held on gamely, with Crowley in third place, though in distress. Lorz was in fourth place. Before completing the twenty-fourth mile Cotter and Crowley had given way and Lorz found himself in second place, but not within hailing distance of Hayes. Carey, who had been way behind, came strong toward the finish and made a fair third. Following is the order and times of the first twenty men:

New Connecticut Motor Laws.

A provision of the new Connecticut State motor vehicle law is for the fine of a motorist who in any way endeavors to evade respondent. The first case to be tried on such grounds came up before the Hartford police court before Judge Garvan. It appears that one William B. Cullen, a chauffeur, collided with Dr. W. E. Boucher, the latter's car coming of second best. According to the physician's testimony, he was driving

car coming off second best. According to the physician's testimony, he was driving south through Washington street and at the corner of Webster street Cullen collided with his car bursting one tire and bending the front axle. Walter S. Schutz, attorney for the Automobile Club of Hartford, who defended the accused, closely questioned Dr. Boucher as to whether he collided with Cullengor Cullen collided with him.

Prosecuting Attorney Freeman objected on the ground that it was immaterial which car hit the other, Mr. Schutz contending, however, it made a greal deal of difference which was which and if the doctor hit the chauffeur then the driver was not guilty of evading responsibility as he was not responsible for the accident. Judge Garvan, however, sustained the objection, ruling that the collision had occurred. A bloycle policeman testified that Cullen drove off after the accident and that he failed to stop when ordered to. Cullen contended that Dr. Boucher ran into him and that he did not intend to evade responsibility. After the smashup he stood up in the car and failed to see that any material damage had been done, so he drove away. Judge Garvan reminded the accused that the bursting of the tire on the doctor's machine should have warned him that damage had been sustained, and he therefore fined Cullen 315 without costs, not withstanding that much testimony favorable to Cullen was introduced at the hearing.

Motor Wagons in the German Army. During the fall manœuvres of the German army use was made of several new motor tember a well known German factory delivered to the army six 45 horse-power four cylinder cars and two 60 horse-power six cylinder cars with four wheel drive, as well as a nigh speed 25 horse-power light truck. Upon completion these vehicles were submitted to 300 mile tests in the vicinity of the factory, and were then driven from Stuttgert to Berlin and thence to Posen, where the manœuvres took place. The 15 horse-power mangurres took place. The 45 horse-power cars are designed for two and a half metric tons useful load and weigh, empty, 7,000 pounds. They have a maximum speed of eleven miles an hour, and are capable of hauling two or three trailers aggregating four tons in weight on level roads. The transmission comprises a cone clutch, four speed and reverse slide gear and side chain drive.

gransmasson completes a content of the speed and reverse slide gear and side chain drive.

The wheels are fitted with iron tires, which may be provided with chains or studs for gaining traction on slippery roads. The light car is fitted with solid rubber tires and is designed for quickly moving provisions or men, its maximum speed being sixteen miles an hour. The special feature of the six cylinder 80 horse-power trucks is the four we eld drive, which permits of ascending the steepest grades encountered and driving over ploughed fields. The trucks themselves weigh about 4½ tons each and are capable of hauling three to four trailers totalling six tons on level roads at eleven miles an hour. The wheels are iron tired. Each truck is provided with a complete conspnent for extricating it from difficult places, including a power winch. The fuel supply is sufficient for a drive of 125 miles

eague Teams Practising for the Tournament Which Begins Next Month.

New York's winter sport, ice hockey, has New York's winter sport, he hockey, has begun in the measure that the five teams making up the Amateur Hockey League have commenced practice at the St. Nicholas ice rink. Added to the ten practice periods each week of the local clubs there are to be others as soon as the intercollegiate and the interacholastic lengues have made up their schedules of games. In the former there will be Yale, Harvard, Princeton, last year's champions, and either Dartmouth or Williams, if not both. The preparatory school hockey teams are also at work on a schedule of games which will call for practice periods.

Lee hockey is coming to be the one great amateur sport of the winter scason. The attendance figures of last winter at the St. Nicholas rink, where all hockey games of the several leagues are played, showed an increase of 32 per cent. over the previous scason, in previous years the Harvard-Yale game was the only one when the house was sold out before the night of the game; last year this situation occurred at three other games.

The first regular hockey game will take place at the rink on December 18, when the College hoys will bring out their friends with a game on December 20 between Princeton and Williams. The Amateur League will probably start its schedule on December 19. begun in the measure that the five teams

Gett; shurg Beats Franklin and Marshall, 6-0.

LANCASTRE, Pa., Nov. 28.—Franklin and Marshall met Getty shurg College, its annual Thanksgiving enemy, again to-de, and was defeated by a score of a to 0 after the best game played at home this season. The bell was in Getty shurg's territory during the entire first half of the game. The locals broke through the visitors line almost at will, but frequent penalties put them back. In the second half McClure, for the visitors, got the ball on the 45 yard line and scored. As in the first half the ball was in middled when play stopped.
